## Wreck of the Richard & Charlene ★★★★★

At 3 p.m. on September 21, 1989, the sky was clear and sunny. Shem Creek was quiet, and some would later say serene - hardly a fitting herald for hurricane Hugo. Only 7 hours later, the eye of Hugo, the enormous Category IV hurricane, passed directly over the spot where the restaurant now stands. The water was rising and did not stop until it had covered the shore at least 8 feet deep. The Richard & Charlene, a derelict North Atlantic style trawler, next door at the Wando dock, was lifted with such force that the pile to which it was moored came right out of the bottom. Then, as the calm of the eye passed over, the ferocious hurricane winds came with unbelievable power from the West, turning the derelict trawler around, breaking it loose, and driving it over the neighboring dock, causing the deck planking to fold up like an accordion. When the monster had finally passed and the water receded, the trawler had impaled its enormous bulk on the bare pilings. For nine months the ruined trawler sat in place, immovable, washed over twice a day by the high tides until finally removed by salvagers, never to sail again. It is in memory of this indelible event that the existing restaurant on the same site has been named The Wreck of the Richard & Charlene. <http://www.wreckrc.com/> 106 Haddrell St, Mt Pleasant, SC 29464 | 843.884.0052

## **Boone Hall Plantation**

Boone Hall Plantation has been open to the public since 1956. The McRae Family purchased the plantation in 1955 and it was Mrs. McRae who furnished the house with antiques and began giving tours. Today, the McRae Family still owns the property, and they continue to make improvements to the plantation so that our visitors can experience what plantation life was like. As you tour each site on the plantation, our knowledgeable staff will help you understand the day to day activities of those who lived on plantations as well the history of the people who lived here at Boone Hall.

Boone Hall Plantation was founded in 1681 when Englishman Major John Boone came to Charleston and established a lucrative plantation and gracious home on the banks of Wampacheone Creek. The family and descendants of Major Boone were influential in the history of South Carolina, the colonies and the nation. The McRae family is proud to present that history, covering over 330 years, on a daily basis.
